Tae Kwon Do/Tai Chi

Tae Kwon Do

Explore Tae Kwon Do in a cooperative, non-competitive environment. Tae Kwon Do is a Korean martial art similar to karate, and emphasizes kicking, striking and blocking as applied to the art of self-defense. This traditional training style is intended for students who are interested in learning self-defense, increasing physical fitness, reducing stress, and gaining increased confidence, mental focus, and heightened self-awareness. All TKD students are encouraged to work at their own level and to explore a wide range of martial arts principles, techniques, and practice-methods. Capacity: 30

T’ai Chi

T’ai chi ch’uan comes to us from generations of Chinese practitioners, who developed and fine-tuned this defensive martial art and passed it down through the centuries from dynamic masters to dedicated students. Through careful attention to detail, the slow-motion t’ai chi form will promote proper alignment, balance, natural strength, relaxed mental focus, fluid coordination, and flexibility. Correctly executed, the interconnected movements unite the action of the body with the rhythm of the breath. With long term study, t’ai chi provides a mirror-like opportunity for deep self-awareness and ongoing health benefits for overall well-being. Regular classes are open to everyone. Classes at HNH concentrate on practice of the entire Yang Long Form as taught by Yang Cheng-Fu. Various alignment, balance, and stretching warm-ups and basic qigong help establish a firm root and a foundation for harmonious energy flow. Students receive personalized instruction during classes as time permits. Capacity: 30
